

OUTDOOR

Let's celebrate the nature of things that takes our breath away.

A place of relaxation, with the sound of the water and birds with the radiance between the river and sea.

Welcome to ria de Aveiro – Portugal.
Our collection was made by our team design and inspired in this amazing place.

SPECIAL THANKS - TIJOSA ECO-HOUSE CAMP

The Tijosa Eco-House Camp on the Cais da Tijosa, in Ovar, with a unique view completes this magical place.

Once cultivated fields and ruins, is born a project where exclusivity and privacy with an excellent service are our priority.
A place where nature and culture come together.

The rooms and Hastëns suites recognized as the best beds in the world, with a signature decor, created exclusively by the portuguese fashion designers, Alexandra Moura, Katty Xiomara, Dino Alves, Storytailors and Nuno Gama.

Passing through the common areas with works by the plastic artist Manuela Pimentel, the ceramists Anna Westerlund, Helena Brizido e Sofia Albuquerque, and the plastic recycling tapestry by Maria Descalça, make Tijosa Eco-House Camp a permanent art gallery.

The restaurant with menus carefully prepared by our Chef and the specials cocktails from the bar, complete a stay full of good energy.

In Tijosa Eco-House Camp you can also hiking, observe nature, ride a bike, enjoy the view, having picnics , birdwatching, or if you prefer to enjoy the Ria de Aveiro, you can practice paddle, boating, or surfing on the nearest beaches.

A unique stay to create memories.
